

AI FOR SOCIAL GOOD

AI Kindness Questions

Before you ask AI anything, run it through the KIND check. Then cut out a card and try it together as a family.

K

Kind

Ask questions that help someone: a friend, a neighbour, an animal, the planet.

I

Inclusive

Think about everyone. Who else could your question help?

N

No personal info

Keep names, addresses, and family details to yourself.

D

Double-check

AI makes mistakes. Check big answers with a grown-up.

Try it: cut out a card and ask together

HELP A FRIEND

“What’s a kind thing I could do for a friend who is having a hard day?”

HELP MY HOME

“Can you give me three ideas to make my home a kinder place?”

HELP MY COMMUNITY

“What could a kid my age do to help people in my neighbourhood?”

HELP THE PLANET

“What is one way our family could help the planet this week?”

INCLUDE EVERYONE

“How can I make sure no one at home feels left out?”

SAY IT KINDLY

“What kinds of words make a thank-you note feel special to someone?”

Now your turn: AI can give you ideas. You do the giving. Write the one act you will go do today: _____
